PRODUCT TECHNICAL STATEMENT

SIX RIB

Profiled Metal Roofing and Cladding

DESCRIPTION

Six Rib is a low rib, six-ribbed trapezoidal profile, offering great looks and economy.

APPLICATIONS

- Residential Roofing and Cladding
- Industrial/Commercial Roofing and Cladding
- Curving

FEATURES

Six Rib has an extra rib compared to most other products in its class, and a lower rib height, giving it a unique and tidy appearance.

OPTIONS

Six Rib in .55 G300 material can be convex crimp curved to a minimum 400mm radius.

Clear sheeting is available in profiled G.R.P (fibreglass) to match.

MATERIALS

Available in metallic coated and pre-painted steel in .40mm and .55mm B.M.T. (base metal thickness), aluminium plain and prepainted in .70mm and .90mm, and other non-ferrous metals.

FASTENERS

Typically: Steelfix 12g x 45mm, Timberfix 12g x 55mm, Class 4 minimum, of material compatible with that being fastened and durability no less than the sheet material.

Category 5 or non-ferrous fasteners are recommended for severe or very severe marine environments.

DURABILITY

All material selections must be compatible with prevailing environmental conditions and adjacent materials, see Roofing Solutions Product Guide or Specifiers Guide for details. Areas not exposed to rain washing will require programmed maintenance.

WARRANTY PLUS

Steel & Tube WarrantyPlus is the most comprehensive warranty available in the industry. WarrantyPlus covers an extended range of performance criteria, is supported back-to-back by our suppliers, includes site-specific maintenance requirements and is transferable to subsequent owners.
MINIMUM PITCH

In accordance with Acceptable Solution E2, the minimum pitch for *Six Rib* for roofing dwellings is 4°. Roof runs in excess of 20 metres should be checked for water runoff capacity.

FOOT TRAFFIC

Foot traffic up the roof must take place in the pan of the profile, or over purlin lines. Traffic across the roof must take place along purlin lines.

SPECIFICATIONS

Recommended specifications are available in the branded sections of MasterSpec BASIC or MasterSpec STANDARD, or from your local Steel & Tube branch or visit www.steelandtube.co.nz.

DESIGN DETAILS

Design details covering many applications are available on our website in CAD and PDF under each product section. Visit www.steelandtube.co.nz.

Note: Trademarks apply to the following products presented in this publication: *Six Rib*, MasterSpec BASIC and MasterSpec STANDARD.
