For over 80 years Hurricane has provided a range of high quality, hard wearing products made to last in New Zealand's harsh environment.

PREMIUM STAYTIGHT

Staytight fabricated fence with its continuous top to bottom stay wire and individual line wire knots makes for a strong stock resistant fence, ideal for areas of high stock pressure and allows easy installation.

STANDARD SPECIFICATIONS

- Zinc aluminium coating lasts up to three times longer than standard galvanised wire
- Roll length 50m, 100m or 200m – depends on specifications
- Stay wire spacing 150mm or 300mm
- 2.50mm – High tensile line wires
- 2.50mm – Medium tensile stay wires
- 2.24mm – Soft tensile knot wires
- Batch tested to meet our proven standards

BENEFITS

- Knot configuration creates increased structural strength of the fence
- Allows fence to follow contours easily
- Fast to erect
- Fewer posts required
- Allows for impact to dissipate over the fence and return to original condition
